# SIGN FIXINGS

## TIMELESS ELEGANCE

Over the last 10 years, Cosign has become the leading manufacturer of standoffs & sign fixings in the Benelux. Our designers chose to create fixings in an austere and modern design, in high-quality stainless steel (AISI 303 and 304).

Even though the sign fixings were designed for indoor use, many customers also use them outdoors in non-aggressive environments. Environments with chlorine, salt and metallic fumes must be avoided.

The design takes into account compatibility with sheets of glass. We use silicon rings to protect the sheets of glass or set screws with a nylon tip wherever possible. Since 2015, all our standoffs & sign fixings spacers are also available in stylish silver anodised aluminium and in a blister pack that will include the wall screws, plugs and allen keys.
